

# LBC INDEX

Library Bibliographic Classification (LBC) is a national classification system in Russia used to classify literature, organize libraries' stocks and systematic catalogs.

### To determine LBC code:

- Use Ask a Librarian virtual reference service on the TSU RL website
- Contact the Research Commons librarians

### It is necessary to specify:

- Title of academic work
- Type of the document (article, monograph, textbook, etc.)
- Subject matter, key words

### To determine LBC code on your own:
