Oxford Academic Platform: Journals

New and Improved Functionalities

The new platform offers the following new functionalities:

- 1- Altmetrics figures displaying at the article level: quantifying and displaying usage, citation and sharing.
- 2- The ability to refine and filter search results by article type, subject, journal, section, date, and availability.
- 3- The ability to search by images
- 4- The format of the PDF and PowerPoint slides

The improved features are:

1. Search, discovery, and navigation
2. Connections between content types
3. Subscription, purchase, and updating
4. My Account: Oxford Academic Account
5. Responsive design
6. Improved user experience (UX)
